Object Oriented Programming

EDUCATION

University of California, San Diego

June 2021

B.S. Cognitive Science, specialization in Design and Interaction

EXPERIENCE

Freelance UX + UI Designer

October 2021 – Present | Santa Cruz, CA

- Performing competitive audits and user research to design sites for various local businesses
- Utilizing Figma to create wireframes to user test with plans to develop the sites on WordPress

Academy of Neuroscience for Architecture, Lead UX Designer

January 2021 – March 2021 | UC San Diego

- Guided team to design a site for an international academic organization
- Performed competitive analysis and created user personas, use cases, a site map, and interactive wireframes and prototypes for mobile&desktop
- Led bi-weekly meetings with our client, ANFA President, to define project requirements, scope, milestones, and review deliverables
- Determined MVP feature set by conducting 17 user interviews yielding wide-ranging feedback and evaluating the commonalities
- Led design collaboration across multiple teams by facilitating communication, delegating tasks, and scheduling work meetings

Discord Redesign Case Study, UX Designer

September 2020 – December 2020 | UC San Diego

- Redesigned Discord with a focus on user centered design to be better suited for organizational use by creating a customizable calendar, admin page, resource page, and more easily accessible settings
- Generated design solutions informed by research through conducting 5+ hours of user interviews and performing a competitive audit
- Developed interactive prototypes, user tested each to drive iterative design and the final design, resulting in satisfaction from 100% of users

ACTIVITIES

Engineers for a Sustainable World | UCSD Chapter

September 2017 – June 2021

Solar Light Project Lead

September 2019 – March 2020

- Led a team of 6 students to perform to CAD electrical and mechanical schematic packets for the installation of a solar panel and light system

Vice President of Community Affairs

April 2018 – March 2019

- Planned, coordinated and executed events for ESW's 200+ members
- Monitored/posted on social media, created graphics and PowerPoints

Girls Who Code Summer Immersion | Square, Inc.

2014 | San Francisco, CA

- Developed technical interest and learned coding fundamentals at Square campus, guided & mentored by engineers and technical leaders
